Daily Life in Medieval Europe

In order to demonstrate your knowledge of life on a medieval manor, you will be designing a poster which depicts what life may have been like for people living during this time. (See pg. 48 in *Pathways* for an example). Your poster will be detailed, coloured, and accurately labelled. References will include your *Pathways* text, any videos we watch in class, and additional internet research you conduct on your own.

While you may include extra items, your manor **MUST** include the following:

Manor house	Lord's Demesne	Priest's house
Village homes	Bakehouse	Blacksmith
Fields	Tannery	Common pasture
Woodland	Well	Orchard
River	Church	Mill

In addition to the poster project, you are to summarize the information through a written explanation that outlines the importance of each of the aspects of the manor. This can include (but is not limited to) how things were built, what materials were used, and their main purpose and function in medieval society. The written portion may be in point form, but must be clearly organized in **YOUR OWN** words. Please glue this written explanation to the back of your poster.

This project is due no later than _____.

Required Elements	25 marks
Spelling / Grammar	25 marks
Creativity / Effort / Extras	25 marks
Written Explanation	25 marks
Total	100 marks

Good Luck!
