

Criteria for Calendrier

You will be producing a calendar in French and thus need to do the following:

- Include all twelve months and days of the week for each month.
- Correctly label each day of the month with numbers.
- Label each of the following days of the year (with a picture):
 - New Year's Day (*Le jour de l'An*) - January 1st
 - Family Day (*Fête de la famille*) - 2nd Monday in February
 - Good Friday (*Vendredi Saint*) - April 3rd
 - Easter Monday (*Lundi de Pâques*) - April 6th
 - Queen Victoria Day (*Fête de la Reine ou Journée nationale des Patriotes*) - May 18th
 - Canada Day (*Fête du Canada*) - July 1st
 - B.C. Day - (*Premier lundi d'août*) - August 3rd
 - Labour Day (*Fête du travail*) - September 7th
 - Thanksgiving (*Action de grâce*) - October 12th
 - Remembrance Day (*Jour du Souvenir*) - November 11th
 - Christmas Day (*Noël*) - December 12th
 - Boxing Day (*Lendemain de Noël*) - December 26th
 - **Plus, four** other days (or more!) of your choice
 - Your birthday (mon/ma anniversaire)
 - A **minimum** of four other birthdays of people who are important to you.
- Make a statement about the weather for each month (top of the page)
- Include a picture at the top of each month
- Neatness will count, so please take care in doing this project. I suggest that you do everything in pencil first, then use thin sharpie and colour later.
