## Stream of consciousness -Drift Boating

I love fishing a lot. It is something I love doing and wish I could do more. I usually go on weekends with my uncle James. Sometimes the club from where we launch has derbies and we join. The best I've done is third place. I usually catch different kinds of salmon but sometimes we go for halibut. It takes different techniques and bait to catch the different kinds of fish. I can go out for hours but I usually fall asleep in the cabin. My favourite time is when you're drift boating or trolling because it's laid back and not stressful. The biggest fish I've caught within this year has been about sixteen pounds and it was a coho. Recently the fishing hasn't been too good for me and I haven't caught large ones but I still have lots of fun going out on the water. Just being in the boat makes me happy. Floating on the water. Fishing is something I love to do!

## Mom

A mom is someone who shows you right from wrong, but lets you make mistakes so you can learn. Having a mom is like having someone to walk in front of you in the snow.

It doesn't mean the walk isn't cold and difficult, but it's made a bit easier by someone whos already been there.

My mom is someone who I can talk to and turn to when I need her.

My mom finds time for me whenever she can even if shes busy,  
family is first.

I love my mom.

Smart,

Strong,

Beautiful

Rap song

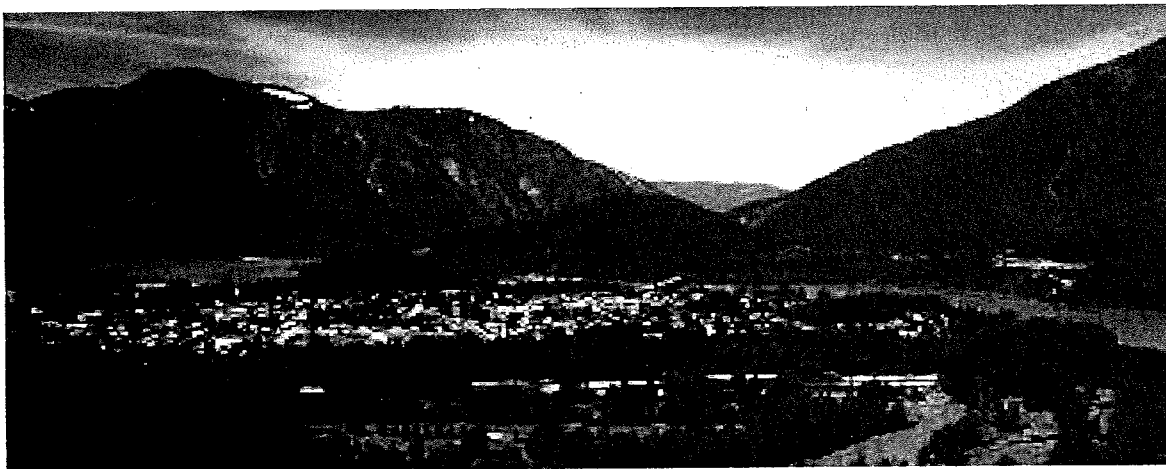

Hope

I used to live in Hope,  
A town of shame,  
There was nothing to do  
and the days were lame.

All ways looking for something  
but the whole town was nothing

Living in the hopeless town of Hope  
Living in the hopeless town of Hope  
The rivers are nice and the trees are cool  
but staying there was for a fool

Living in the hopeless town of Hope  
Living in the hopeless town of Hope

## Song Parody

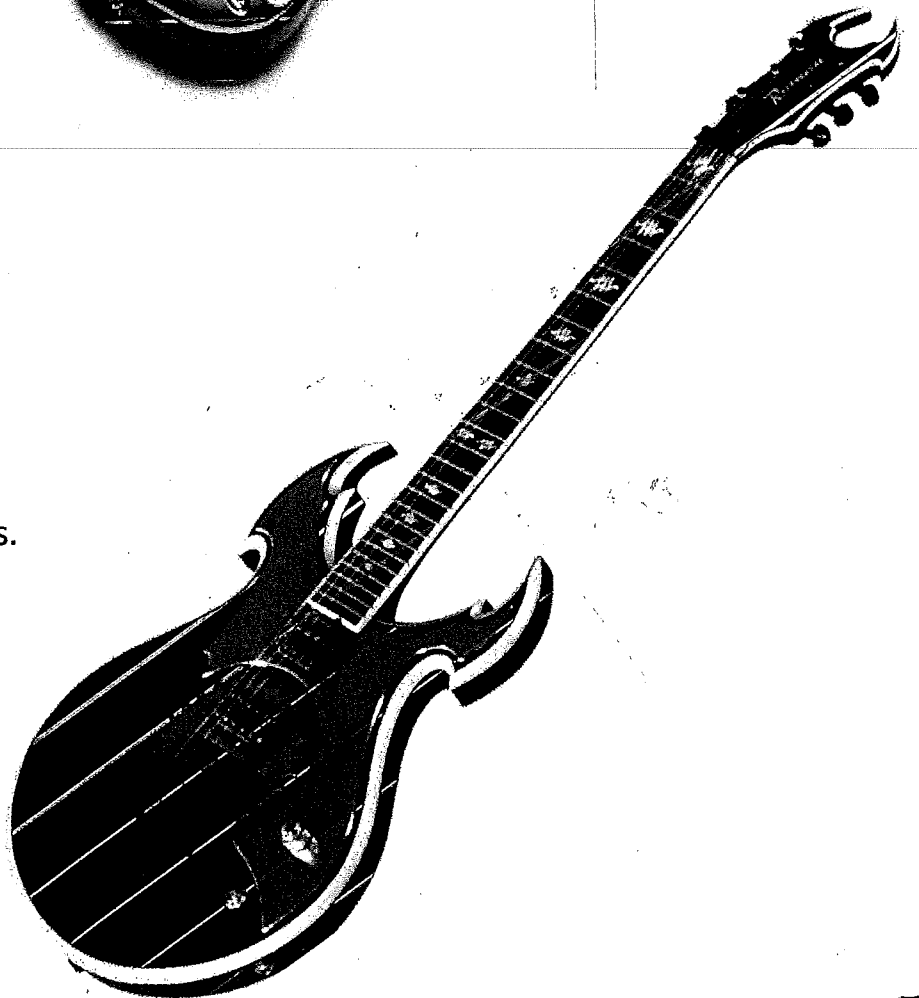

### -Guitar

I was getting good at baseball,  
I could run to first base.  
but than one day,  
I got a neck brace.

I couldn't play baseball,  
well not anymore.  
So I decided,  
to learn guitar.

I like playing guitar,  
I really like to strum.  
Nailing all them hard chords,  
and writing really good songs.

I was now a musician,  
And a fine one too.  
I was even married,  
to Miley Cyrus.

## Canadian Idiot

Don't wanna be a Canadian idiot  
Don't want a nation under a new mania  
Can't you hear the sound of hysteria  
The subliminal mind screw Canada.

Welcome to a new kind of crazy  
All across the alienation  
Where everything isn't meant to be okay  
Television stars and dreams of tomorrow  
Sorry but we're not meant to follow  
Is that enough to argue ???

Well maybe I'm the jerk here Canada  
I'm not on a "photoshop" agenda  
Now everyone just loosen up a bit  
Or sing along to the age of paranoia

Welcome to a new kind of crazy  
All across the alienation  
Where everything isn't meant to be okay  
Television stars and dreams of tomorrow  
Sorry but we're not meant to follow  
Is that enough to argue ???

Don't wanna be a Canadian Idiot  
Or a nation controlled by the media  
Information age of hysteria  
It's calling out to idiot Canada.

Welcome to a new kind of crazy  
All across the alienation  
Where everything isn't meant to be okay  
Television stars and dreams of tomorrow  
Sorry but we're not meant to follow  
Is that enough to argue ???
