

Are you overwhelmed by your child's math homework as much as they are? Want some help? Please join us at our next Parent Education Night as we discuss effective math methods for kids .

Dr. Robert Craigen, Associate Professor of Mathematics at the University of Manitoba will be discussing the latest cognitive and effective math research in his presentation at Bayside Middle School on Tuesday, APRIL 28, 2015.

Dr. Craigen is also co-founder of WISE Math (www.wisemath.org), a group dedicated to improving K-12 mathematics education in Western Canada based on evidence based research, and effective instruction.

What: Parent Math Night Workshop - presentation by Dr. Robert Craigen, Associate Math Professor, University of Manitoba, and co-founder of WISE Math

**When: Tuesday, April 28 6:30-8 pm, Bayside Middle School
1101 Newton Place, Brentwood Bay**
