Dear Students and Families:

Stelly's would like to invite you to our Open House on [February 15](#) from 5:30 to 7:00 pm.

Known as "The People Place", Stelly's staff prides itself in creating an educational environment that caters to a diverse range of learners. Whether you are looking for academic rigour; the desire to expand your language skills through French Immersion, Japanese, Spanish, or core French; to develop your talents in "The Heart Of The Arts" Program; explore the trades; or engage in extensive outdoor education, climbing and athletic programs -- the choice is yours.

Along with the offerings listed above, Stelly's has programs links with Camosun College and the University of Victoria and it offers Advanced Placement courses and Secondary School Apprenticeships to support student as they work towards graduation.

Why is researching your child's future school and attending an Open House so important?

- Most students entering high school do not have a clear understanding as to where their future will take them.
- Today, there are multiple pathways that lead to graduation.
- Requirements for graduation and for entry into post secondary are in flux.
- As new programs and educational partnerships evolve it is important to stay abreast of the exciting opportunities as some more than others may be in the best interest of your child.

At Stelly's we recognize that learning does not just occur in the walls of a classroom, but in every opportunity that occurs within the scope of a school environment. This is why students will find an abundance of teams and clubs along with opportunities to demonstrate citizenship, social responsibility, leadership and collaboration, through a variety of local and international experiences which are supported through programs and by the teachers. It is our desire to work with family and community to foster the development of well-rounded, well-educated, socially responsible and globally conscious contributing members of society.

We believe we are "The People Place" and after [February 15](#), we know you will, too.

Sally Hansen  
School Principal
