

## Mission

We inspire, motivate, and transform young children to be the best version of themselves by teaching them lifelong skills centered around farming, community, finance, inclusion and health.

## Vision

To create a life changing positive shift in children's beliefs about their capacity to achieve anything they set their mind to.

## Core Values

- 🛠️ We include and support one another everyday whether we're in the classroom, at school, or in the community.
- 🛠️ We come to every class with a positive outlook and attitude.
- 🛠️ We work together as a team because we believe that Together Everyone Achieves More.
- 🛠️ We believe everyone's opinion matters and has value.
- 🛠️ We understand that the biggest risk we'll ever take is not taking one.
